

**The Wyoming Department of Environmental Quality
Water and Waste Advisory Board Meeting**

The Wyoming Water and Waste Advisory Board (WWAB) will meet on September 11, 2015 at 9:00 AM in Room UU315, University of Wyoming at Casper College, 125 College Drive, Casper, Wyoming. The public is invited to attend and comment on proposed rules and guidelines presented to the WWAB for its consideration.

An electronic copy of this notice and additional information is located at:
<http://deq.wyoming.gov/shwd/wwab/resources/upcoming-meeting/>

Water Quality Division- Beginning at 9AM, the Water Quality Division (WQD) will present proposed revisions to Water Quality Rules and Regulations Chapter 24, Class VI Injection Wells and Facilities, Underground Injection Control Program. The objective of the proposed revisions is to address comments from the May 7, 2015 WWAB meeting and to incorporate recommendations from EPA's preliminary review. Written comments concerning the proposed changes to Chapter 24 may be directed to Kevin Frederick, Administrator, DEQ/WQD, Herschler Building 4-W, 122 West 25th Street, Cheyenne, Wyoming 82002, or faxed to (307) 777-5973. Email comments will not be considered. All written and oral comments received prior to the adjournment of the September 11, 2015 WWAB meeting will be considered.

Solid and Hazardous Waste Division- Following the Water Quality Division Presentation, the WWAB will consider, discuss, and make recommendations regarding grant requests for reimbursement to local governments conducting solid waste landfill monitoring pursuant to W.S. 35-11-521 for the Solid and Hazardous Waste Division. Questions concerning the grant requests for reimbursement to local governments conducting solid waste landfill monitoring should be addressed to: Mike Jennings, 152 North Durbin Street, Suite 100, Casper WY, 82601, (307) 473-3486.

Following the reimbursement presentation, the Solid Waste Program will provide status updates to the WWAB regarding proposed changes to Chapters 1 and 2 of the Solid Waste Rules and Regulations, including a summary of the informal outreach meetings conducted in August, and the Cease and Transfer and Landfill Remediation Programs.

Following the Solid Waste Program presentation, the Voluntary Remediation Program (VRP) will present updates to VRP fact sheets and guidance, which assist volunteers throughout the VRP process. The revisions include corrections to Fact Sheets 1, 2, 3, 7, 8, 11, and 12, to correct grammar, formatting, punctuation, and URL errors. Revisions to Fact Sheets 14, 19, 21, 24, 25, and 29 include more substantial edits such as incorporation of EPA's updated RSL tables, updated cleanup levels for GRO and DRO in groundwater, and corrections to the description of the statistical method to develop site specific background metals concentrations in soil. Lastly, the VRP will present a newly developed guidance for asbestos contaminated soils. Questions and written comments regarding the VRP fact sheet and guidance revisions may be submitted to PJ Wilber, 122 W 25th St 4W, Cheyenne, WY, 82002 (307) 777-7746. Email comments will not be included in the public record.

In accordance with the Americans with Disabilities Act, special assistance or alternative formats will be made available upon request for individuals with disabilities. Please provide at least three (3) weeks advance notice for such requests.
